PARENT CONDUCT

- Learn to Skate participants **should not be dropped off at the rink unaccompanied.** Please do not leave young children unattended during their lessons.
- A parent or other responsible adult should check in with the registration table **IN THE BACK LOBBY** upon arrival. ALL SKATERS should ALWAYS enter and leave the ice from the back rink doorway unless instructed otherwise.

SKATER RULES

- Skaters should dress appropriately for the rink. Gloves are highly recommended for all sessions. Hats and sweaters may be desired on colder days. Helmets are suggested for younger or more tentative skaters, but are not required. **DO NOT** wear scarves or other articles of clothing that may drag on the ice.
- **Skaters must have their own Single-blade skates.** We recommend skaters use figure skates, but they may use hockey skates if they choose.
- Parents, siblings and other non-club members are **NOT** allowed on the ice or in the penalty boxes at any time.
- During the ½ ice practice time, skaters are encouraged to practice their skills. There should be no horse-play, tag, etc.
- Testing for badge levels will be done when the coach believes a skater is ready to advance. Not all skaters will necessarily pass a badge each session.
- Each skater will receive an evaluation card at the end of each session noting strengths, future registration recommendations and coach comments.
- In general, testing will be done only once during a session in order to avoid disruption of class progress. If intermediate tests are given, badges and evaluation sheets will be available at the sign-in desk on the week after a coach tests a skater.
- If you need to make a permanent lesson day change during the session, please see your session monitor to determine if space is available on the alternate day. Skaters may not change lesson days due to random schedule conflicts.
- Parents should sign skaters in at the back table each week where monitors will have skater name tags, as well as lesson information or other communications from the Board or coaches.

Club Coaching Policy

The Skating Club has relationships with highly qualified skating professionals who can provide private lessons at ALL levels and in ALL disciplines of individual skating. We encourage our skaters to approach **club affiliated professionals (**)** regarding interest and availability prior to exploring guest coach options. Private lesson costs are arranged between coach and parent and are not included in group lesson fees.
